Apply online at <https://careers.covenanthealth.ca/jobs/medical-radiation-tech-i-373752>

Your Opportunity:

Those who hold CLXT credentials are welcome to apply.

The successful candidate may be eligible for relocation assistance.

Bonnyville Health Centre provides a full range of health services to a diverse and growing community in northeast Alberta. Just 30 minutes from Cold Lake, the Bonnyville area serves more than 10,000 people, and is a hub for the oil and gas industry, with over 60 national and international companies setting up head offices within the town. The Health Centre has 33 acute care beds – including Obstetrics, Palliative Care, and Surgical services – as well as 30 continuing care beds and 24 hour emergency care services.

The town of Bonnyville is located along Highway 28, approximately 240 km northeast of the City of Edmonton. Surrounded by lakes and majestic boreal forest, Bonnyville offers visitors and locals a treasure trove of natural wonders. Bird watchers, hunters, campers, and fishermen come from around the world to experience the region's many lakes and beaches. Bonnyville offers a variety of recreational activities such as curling, swimming, hockey, gymnastics, and volleyball. A low cost of living, access to major amenities and high quality of life make Bonnyville a great place to live, work, and raise a family.

Description:

The Medical Radiation Technologist I (MRT) performs all routine radiographic/fluoroscopic, computed tomography and interventional procedures. The MRT I also produces radiographs of high diagnostic quality in an efficient and safe manner while attending to the diagnostic and care needs of patients undergoing diagnostic/therapeutic procedures. The MRT I is responsible for the provision of services in accordance with established standards, and the Mission, Vision, Values, policies, and procedures of Covenant Health. This position is covered by the terms and conditions of the HSAA Paramedical Professional/Technical Collective Agreement.
